O R D E R:

The Chief Engineer (P), Irrigation, Kurnool in his letters read above, has informed the Government that the distributaries, minors and sub-minors in the reach from Km 195.00 to Km 234.56 of K.C. Canal were not taken up under modernization Project because these channels never received water prior to Modernization. After Modernization water started flowing into these distributories in 2004 and then the farmers have also started demanding modernization of the distributories in these reaches also. He has also informed that as the water started flowing into these distributories after Modernization, the lining is necessary to utilize the availed water effectively up to tail end under these distributories. The ayacut under these distributories will suffer; if these canals are not lined. The issue has also come up for discussion in the DRC meeting held on 27.6.2008 at Kurnool and it was resolved to take up the lining work of these canals.

2 The Chief Engineer (P), Irrigation, Kurnool has, therefore, requested the Government consider and accord administrative approval for lining of distributors, minors and sub-minors between Km 195.00 to 234.56 Km of K.C. Canal at an estimated amount Rs.51.79 Crores.

3. After careful consideration of the proposal, Government, hereby accord administrative approval for lining distributors, minors and sub-minors between Km 195.00 to 234.56 Km of K.C. Canal at an estimated cost of Rs.51.79 crores (Rupees Fifty one Crores and Seventy Nine Lakhs only) by meeting the expenditure under normal state plan funds. The details of sanction are annexed with this order.

4. The expenditure sanctioned at para 3 above shall be debited to the following Head of Account:

“4701 Capital Outlay on Major & Medium Irrigation -01 Major Irrigation - Commercial - MH 109 Kurnool - Cuddapah Canal - GH.11 - NSP SH (27) - Canal & Distributories - 530 Major works - 531 other expenditure”

5. The Chief Engineer (Projects) Irrigation, Kurnool shall take necessary action accordingly.
